

FREE Smartphone Basics for Beginners – Part 1

A short, supportive course for beginners. Participants follow a newly designed step-by-step manual with guided lab exercises, learning alongside our trained Senior Guides who provide hands-on assistance.

ABOUT COURSE

- **Length:** 3 weeks (1 x per week on Mondays)
- **Level:** Beginner (we start at the beginning)
- **Format:** In-person, hands-on instruction
- **Devices:** iPhone or Android smartphones purchased after January 2020
- Guided lessons creating a beginner's manual
- Hands-on lab exercises each session
- One Senior Guide per 2 participants
- Small classes, no experience required

Skills you will learn

- Foundations of smartphone use and basic mechanics
- Phone care and maintenance for everyday reliability
- Security and safety basics to protect your information while using your Smartphone
- Entering and using Settings to adapt your smartphone to your personal needs

Course Offerings:

- Mondays at Francis R. Healy Community Center
 - 7640 Plainfield Rd. (inside of Chamberlain Park) Deer Park, 45236
 - 1:30 – 3:30 PM
- **Call 513-564-9777 to Register (no walk-ins)**
